

# Dmytro Semenov

FRONT-END DEVELOPER

## Summary

I am a Front-end Developer with 4+ years of experience working with React/Next.js, Typescript, and a modern front-end stack. I create productive, scalable, and user-friendly interfaces, have a strong attention to detail, and experience collaborating with international teams. I am focused on quality, stability, and product development, and have experience building complex features from scratch, refactoring legacy code, optimizing application performance, and writing automated tests using Jest. I enjoy mentoring junior developers, participating in code reviews, and continuously improving development processes.

I am persistent, responsible, a quick learner, and highly adaptable to new technologies and workflows. Always striving to deliver reliable, maintainable solutions and bring value to both the product and the team.

## Experience

### Front-End Developer, Trinetix

NOV 2021 – NOV 2025

Development of new features from scratch, refactoring legacy logic, and implementing more complex tasks. Actively improved application performance and optimized rendering. Participated in planning, code reviews, mentoring junior developers, writing automated Jest tests, and collaborating with international teams.

### Front-End Developer, Resty Applications

APR 2021 – NOV 2021

Initial stage of my commercial career. Responsible for finding and fixing bugs, learning project structure, and working with Git and Agile processes. Gained core understanding of React, component logic, and teamwork. Created web page layout and integration, implemented new features, and worked with HTML, CSS, JavaScript, and React.

## Education

### Bachelor's degree, Oles Honchar Dnipro National University, Dnipro

SEPT 2019 – JUN 2023

Bachelor's degree in Computer Engineering.
